May 2022 - Ongoing Remote

- I am experienced in visualizing business reports and datasets using Tableau. I utilized it to create interactive dashboards for sales reports, customer behavior analysis, and market trends. My skills in data visualization helped me identify insights and recommendations for better decision-making. I continuously learn Tableau to provide impactful visualizations for businesses to understand their data.

Web Designing Projects

<https://bit.ly/3LLKdTT>

March 2020 - December 2022 BizUpreach, Jabalpur

- I've designed over 10 websites using Wix, WordPress, and Webflow with a focus on UI/UX, Designing, Prototyping, and Wireframing to create visually appealing and user-friendly sites. I have experience with e-commerce, personal portfolios, and more. My skills in HTML, CSS, and JavaScript enable me to create custom designs to meet the unique vision of each brand.

Project Management

<https://bit.ly/3TLgahm>

March 2022 - July 2022 Jabalpur

- I managed a team of 5 to develop the Sundara Looks website using React.js and Firebase. I provided direction and support to complete the project on time and within budget. Sundara Looks connects salons to customers through a web app in the grooming sector. As project manager under BizUpreach, I oversaw the development for 4 months. My role included ensuring a collaborative team working towards meeting the client's requirements.
